JAPANESE AMERICAN CITIZENS LEAGUE

*"To uphold and secure the
civil rights of Japanese
Americans and all Americans,
while preserving the cultural
heritage of our people."*

Mile Hi JACL

Who We Are

Founded in 1929, the Japanese American Citizens League (JACL) is the largest national civil rights organization. We are a membership driven organization whose mission is to secure and uphold the human and civil rights of all Americans, while preserving the cultural heritage of the Japanese American community.

The JACL's focus is not limited to issues affecting Japanese Americans alone. We also work with other groups to address concerns of the greater Asian Pacific Islander American community as well as other ethnic minorities facing discrimination and injustice.

Some of Mile Hi JACL's affiliate organizations include:

- OCA Colorado
- Japanese Association of Colorado
- Asian Round Table
- NAAAP Colorado
- Korean American Coalition

Our Track Record

From its beginnings, JACL has made a cooperative effort to improve the lives of Japanese Americans by working through the democratic system.

Two of its first victories were to lobby through Congress equal rights for Nisei women whose citizenship was cancelled when they married Issei men and Issei veterans of World War II who were denied the naturalization rights that had been promised them. JACL fought the injustice of Evacuation in World War II until it became evident opposition was futile in the face of national hysteria. It took the Mitsuye Endo case, the only successful judicial challenge to the United States Supreme Court and filed amicus curiae (friend of the court) arguments in the Yasui, Hirabayashi and Korematsu cases.

During the war, JACL fought and won the right of Nisei to serve in the Armed Forces. Thanks to the magnificent record of Nisei in service, and the exemplary loyalty demonstrated by the evacuees, JACL was able to institute and win a series of legal actions eliminating discriminatory laws.

Today, JACL continues its involvement in local and national social justice issues, primarily around health care, immigration, and education.
